<p>Community led parks: St Pauls, Montpelier and St Werburghs</p>	<p>There are ongoing discussions for a proposal to form a community led Community Interest Company (CIC) to take over and develop the parks/public green spaces in St Pauls, Montpelier and St Werburghs from Bristol City Council. The outline brief is to investigate the green spaces and the local communities around these and put forward proposals for community led inclusive parks that would support their viability going forwards</p>	 <p>https://www.bristolpost.co.uk/news/property/five-most-family-friendly-places-1256021</p> <p>Lead client Black South west Network (BSWB https://www.blacksouthwestnetwork.org/) Main contact Sibusiso Tshabalala Research Fellow BSWN Cognitive Paths hello@cognitivepaths.co.uk</p>	<p>BSWN is a BME led infrastructure organisation that has worked extensively with BME communities and BME led delivery organisations across the South West. BSWN engages with BAME people across Bristol's communities with the aim of working with and for those marginalised in society due to their race or ethnicity; a discrimination that is often exacerbated by their socio-economic background and other factors of inequality such as gender, sexuality, faith, and disability.</p>
<p>St Pauls Museum: Decolonising the museum</p>	<p>Working with the local community, students are tasked with developing a brief and proposals for an aspirational, creative museum. A provisional site has been selected but students need to think about key principles of the museum that might work in another setting within St Pauls. The site comprises the bomb-damaged façade of the Georgian building that stood in the North west corner of Portland Square with the back of the site facing Brunswick square and runs around into what is currently a warehouse building which is accessed from Surrey Street (see map)</p>	 <p>https://commons.wikimedia.org/wiki/File:31-32 Portland Square, Bristol (geograph 3779349).jpg</p> <p>Lead client Black South west Network (BSWB https://www.blacksouthwestnetwork.org/) Main contact Sibusiso Tshabalala Research Fellow BSWN Cognitive Paths hello@cognitivepaths.co.uk</p>	<p>Black South West Network (BSWN)/Cognitive Paths About Black South West Network (BSWN) BSWN is a BME led infrastructure organisation that has worked extensively with BME communities and BME led delivery organisations across the South West.
